

Announcing The Opening Of The Heritage Supper Club at Maple Grove Country Club

April 24th & 25th

Maple Grove Country Club is full of history. In the next few months we are going to tap into our rich heritage and bring back a 4 star dining experience and traditional supper club. It's been nearly 30 years since Maple Grove has offered live music on Friday or Saturday nights.

The Supper Club will feature some the areas most popular bands for your listening and dancing pleasure. These bands will play a variety of classic rock music from the 50s, 60s, 70s, and 80s and may throw in a little country from time to time.

Over the next 20 weeks, Maple Grove Country Club will help raise money for 10 local charities of the Coulee Region by donating proceeds from the restaurant each week.
